Plant-based cream cheese

So, what's the secret? It begins with our BASE VEG SPREAD NEXT blend, which contains a balanced mixture of texturizing ingredients to deliver a creamy texture, the right mouthfeel, and smoothness. Our CaroCare® Nat. BC color solution provides an authentic and consumer-desired color. Next, we add our finest body giver, which imparts a basic umami and light cheesy note. Finally, we incorporate our mouthfeel and cream cheese flavor, which enhance the mouthfeel and add a buttery and milky dairy note.

Target audience

Consumers seeking a sustainable option for cream cheese with the same functionality and spreadability like the original one
